You can:

- Review Match data
- Update Match date
- Select among available TimeSlots

You must click "Update" to save any changes. If NO TimeSlots are shown, click on the ⓘ icon to see what TimeSlots are allocated on this date. If this team has already reserved the maximum number of TimeSlots for the season, month or day, then you must release a TimeSlot before selecting another. Meaning, changing from TimeSlot X to TimeSlot Y may involve first releasing TimeSlot X and then selecting TimeSlot Y.

After you have a TimeSlot and you are confident that the match will be played at that time, you can request referees. You must click on this button to request referees. A corresponding match will be made in the Peninsula Referee Association website.

Note that asking for referees too late will likely mean no referees. Asking too early and then changing only causes the referees and assignors to not want to work for your club.

Returning the TimeSlot will cancel the corresponding match in Pensra. You may still be responsible for paying any assigned referees if you return the match too late. Contact your Assignor for details.
